OBJECTIVE

Results-driven React Native Developer with **8 months** of hands-on experience at Ideal IT Techno in designing and developing cross-platform mobile applications. Skilled in building scalable, high-performance apps with clean UI/UX and seamless backend integration. Currently seeking new opportunities to contribute technical expertise, learn advanced technologies, and grow as a professional in a dynamic organization.

EXPERIENCE

SOFTWARE DEVELOPER(onsite)
IDEAL IT TECHNO   June 2025 - PRESENT

- Developed and maintained **mobile applications** and **websites** with a strong focus on **performance**, **scalability**, and **clean UI/UX**.
- Built **cross-platform** mobile applications using React Native, creating reusable components and modular architecture. Implemented **real-time chat** functionality using **Firebase Firestore**, supporting **one-to-one** and **group messaging** with smooth user experience.
- Integrated Firebase Cloud Messaging (FCM) for **push notifications**, including foreground, background, and terminated app states.
- Worked extensively with Firebase services such as **Authentication**, **Firestore Database**, and **Cloud Functions** for backend integration.

ACADEMIC QUALIFICATIONS

Devi Ahilya Vishwavidyalaya Master of
Computer Application   Sep 2022-June 2024

Devi Ahilya Vishwavidyalaya
Bachelor of Computer Application   OCT 2019-July 2022

RELEVANT PROJECTS

KickScore | React Native App & Web

- Worked on both **mobile application** and **web platform** using React Native and React.
- Developed **responsive screens** and **reusable components** for a consistent cross-platform experience.
- **Integrated APIs** and **handled real-time data updates** to support core application features.

Veels (Website, Admin, Provider) | Next J.S.

- Worked on **website, admin, and provider dashboards**, designing fully **responsive UI** for different user roles.
- Implemented real-time **push notifications** (FCM) and **live updates** for real-world production use cases.
- Developed **media & audio upload** features with **validation, previews**, and **reusable components**.

Yahuda Website | React J.S.

- Worked on a **banking website** using React.js, focusing on **UI design** and **core functionality**.
- Integrated REST APIs to handle **dynamic data, forms, and user interactions** securely.
- Implemented **responsive layouts** and **business logic** to ensure smooth and reliable user experience.

SKILLS

Languages : React Native, React, Next J.S., JavaScript, Basic Node js, TypeScript, Basic C/C++, HTML, CSS, . **Mobile Development :** Android SDK, React Native iOS & Android), Custom Hooks **Data Base** : Mongo DB, Firebase Firestore (basic)

Softwares : AndroidStudio,VSCode,Xcode(basic),NetBeans,Git,Firebase,Postman**Architectures&Libraries:** Redux, Axios, Context API

Artificial intelligence : Knowledge of AI Tools

CERTIFICATION

Generative AI Leader.
